## NEW CONDITIONS IN BEAUMONT FIELD

Pumps Being Used to Draw Oil From the Wells, Says Former Mayor Noonan.

Former Mayor Edward A. Noonan, accompanied by his son-in-law, Guy E. Goltzmann, returned yesterday from a two weeks' trip to Beaumont, Tex., and the Spindletop oil district. Mr. Noonan says that with few exceptions gushers are almost a thing of the past, and that pumps are being used to get the oil out of the wells.

Mr. Noonan is president of the St. Louis Oil Men's Association, and he expects to call a meeting next week, and make a full report, because, he says, there are thousands of men in St. Louis who are interested in about 20 companies on or adjacent to Spindletop.

"There are only three gushers in the Spindletop territory at present, and they only gush about 25 feet above the ground. Of the 20 wells in the area, comprising what is called the proven territory, all formerly gushed or promised to gush 25 feet or more above the ground, but now the stock was sold," said Judge Noonan.

The lack of gas in the wells has brought about the present condition of affairs. The pressure for a long time was about 89 pounds to the square inch, but the 250 gushers in the oil field have let the gas out of the wells, and the pressure has dropped to 40 pounds. "In the face of these facts, Mr. J. R. Bradlee, of the firm of Henry W. Peabody & Co., had the nerve to say to a reporter of the New York Sun: 'We should have thought, however, that the Democratic Literary Bureau in Washington would have come to us for any information they wanted, rather than resort to means of this kind.'"

"The Democratic Congressional Committee is as anxious to obtain one of these special discount sheets as I am," said Judge Noonan.

## CHEAPER ABROAD THAN AT HOME

People of United States Pay Much More for American Goods Than Foreigners.

### SECRET EXPORT PRICES MADE.

Manufacturers Carefully Guard Their Quotations From the Public—Griggs Tells History of Discount Advertisement.

REPUBLIC SPECIAL.

Washington, July 18.—Chairman Griggs of the Democratic Committee to-day agreed to give to the press the history of the advertisement which appeared in some of the New York papers last week offering a reward of \$100 for the special discount sheet to accompany Henry W. Peabody's export price list.

"A gentleman in the employ of the Democratic Congressional Committee has for several months been engaged in an effort to secure some of the special discount sheets of leading export houses."

"By the co-operation of several friendly manufacturers he has succeeded in obtaining the export price list about a half dozen of the 20 exporting houses of New York."

"Although these lists are not the special discount sheets advertised for by the committee and do not quote bottom prices for export, they do quote prices far below any that can be obtained in the United States."

"We know you are all right and will not make improper use of the special foreign discount sheet, but it is a rule rigidly enforced not to let one of these sheets go out of our office, except to mail them to certain trusted foreign agents. It can't go out of this office otherwise for love or money. It might make endless trouble for us."

"Some of our friends were very glad to accommodate you, but these sheets are under lock and key and I have not the key."

"Falling in ordinary ways to obtain this special discount sheet, the committee gave to the gentleman permission to advertise, offering a reward for it. To his astonishment, five of the leading papers of New York City refused to print the ad."

"It was admitted that it was a perfectly legitimate advertisement, but the business of advertising in this manner figured in the amount of advertising space used by the exporting houses, and which might be lost should he 'slap them in the face' by printing this ad."

"In the face of these facts, Mr. J. R. Bradlee, of the firm of Henry W. Peabody & Co., had the nerve to say to a reporter of the New York Sun: 'We should have thought, however, that the Democratic Literary Bureau in Washington would have come to us for any information they wanted, rather than resort to means of this kind.'"

## COUPLE CELEBRATED PARENTS' BIRTHDAY WITH A WEDDING.

J. A. Goettler and Miss Amelia Biedenstien Went Away and Were Married in St. Charles—Celebration at Goettler Home Follows Return of Young Couple, Who Were Sweethearts as Children.

MRS. JOSEPH A. GOETTLER, Who was Miss E. Biedenstien.

South Broadway, will be celebrated in January.

The bride is the daughter of Henry Biedenstien, of the Biedenstien Bros. Grocery, and her father's business is only a few doors from that of Goettler's.

The families of the young couple have been neighbors for many years, and young Goettler and Mrs. Goettler, their friends say, ever since they were children. They have been engaged for about three years, and would have married some months ago, but for the plan for a double birthday celebration.

There was no objection to the wedding, and it was expected, as the couple freely talked of their engagement, but their clandestine trip of marriage was a surprise.

Mr. and Mrs. Goettler will reside at the home of the bridegroom until September, when they will go abroad for their honeymoon.

REPUBLIC SPECIAL.

Washington, July 18.—To-day's proceedings in the Greene-Gaynor case were opened by Mr. Tachereau, counsel for the prisoner, who produced affidavits of Benjamin Greene, to the effect that on May 17 Mr. Erwin called on him at the Windsor Hotel, Quebec, when Erwin said to Greene:

"If you will pay \$500,000 to settle the whole matter, I will go at once to Washington and advise the government."

Greene replied that he could not stand that, because he had not money enough to pay his half of the amount, but that Erwin said:

"I don't think that is enough, but you don't want to go into the matter of your life, and you are a man of business, and you must remember if you are extradited and sent to Georgia it will be too late to make a settlement."

Greene finally replied: "Well, I don't see how we can pay any money, because that would be an admission on our part that we have received money wrongfully. That we have not done."

Greene swore that this talk of a settlement for \$500,000 referred to the criminal proceeding against him, and that he had no claim. This affidavit was supported by another from Mrs. J. F. Gaynor.

Mr. Erwin, completely denying the allegations contained in the affidavits of Mr. Greene and Mrs. Gaynor, said that he had a note there in which he recognized the handwriting of E. D. Greene, which note was as follows:

"If you can call to see me at any time to-day you will do me a great favor."

The original of this note is in the possession of Mr. Erwin and was shown to Judge Carson.

## BALL PLAYER KILLED IN A STREET FIGHT

Sam Faughn Resented Insult to Women and Was Shot Down at Metropolis.

REPUBLIC SPECIAL.  
Metropolis, Ill., July 18.—Sam Faughn, a semiprofessional ball player, was shot and killed in a street fight before an immense crowd to-day by Jasper Abbott of Rock, Ill. The shooting occurred near the Julian Hotel about 10 a. m. while the streets were packed with visitors attending the street fair and carnival.

Abbott, it is said, was intoxicated and made insulting remarks before some women in the hotel. Faughn was over in front of the hotel and tried to quiet him down. He led Abbott by the street about 40 yards, remonstrating with him, when suddenly Abbott drew a pistol and shot him twice. Both bullets took effect, one striking on the left side, the other just below the clavicle on the right side.

Faughn wrested the gun from Abbott and fired at him inflicting a slight flesh wound. Faughn then walked half a square and fell down in the street. Abbott is now in jail. Intense excitement prevails, and lynching is feared.

Faughn was a member of the Knights of Pythias.

## OUTLOOK FOR WINTER WHEAT.

Conditions in the Six Great Producing States.

REPUBLIC SPECIAL.  
Toledo, O., July 18.—C. A. King & Co. have prepared a report on the winter wheat crop based on 2,000 replies to letters of inquiry. According to the statement Kansas has a short wheat crop of poor quality. Kansas now has about 4,000,000 bushels, compared with 10,000,000 a year ago.

Ohio, Indiana and Illinois will have a crop of about 100,000,000 bushels. Missouri and Michigan will have about 100,000,000 bushels. The six states raise over half of the winter wheat crop.

Ohio, Michigan and Indiana show a slight increase over last year. Kansas is 10 per cent worse. In quality Kansas is bad; Missouri, poor. The outlook for the destruction of crops is practically complete, and forest fires are raging. The prospect is not fair.

Half of the low grade will be fed at home. Millers are the best buyers at present. Clover seed has secured a favorable start.

## DROUGHT IN MISSISSIPPI.

Crops in Some Sections Are Drying Up.

REPUBLIC SPECIAL.  
Jackson, Miss., July 18.—Twenty counties in Mississippi are suffering from the effects of a disastrous drought, and in over one-half of this number the corn crop has been utterly ruined, while cotton has been damaged from 50 to 75 per cent. The drought is wholly dissimilar from similar events of the past, in that it is confined to one section of the State. It is scattered about in spots, and three principal areas are affected. The most serious part of the deficit, and the eastern and northeastern counties in the hill and prairie section. In Tallahatchie County the destruction of crops is practically complete, and forest fires are raging. The prospect is not fair.

The drought area in the delta is spreading, and the latest reports received from the planters show that the prospects were excellent two weeks ago, there has been a disastrous drought in the corn fields, where the plant has been twisted up and is scarcely fit for fodder. Negro tenants and laborers are abandoning the plantations and moving to town.

## FREIGHT HANDLERS RESTLESS.

May Order Another Strike at Meeting to-Morrow.

Chicago, July 18.—Another strike of the freight handlers of Chicago may be called Sunday night. President Curran of the Freight Handlers' Union, has issued a call for a mass meeting of all the freight handlers in the city, to be held at that time, to take action on the refusal of four railroads to renege the old men.

Mr. Curran said to-night that when the settlement was made, it was agreed with Frederick W. Job, chairman of the State Board of Arbitration, that all the old men were to be taken back when the strike was declared off. This, he says, the Santa Fe, Panhandle, Northwestern and Illinois Central railroads have not done, and unless they shall do so before the mass meeting another walk out will be ordered.

Franklin County Institute.

## PLEASD WITH PROGRESS MADE

American Official, Prior to His Departure, Will Be Received in Farewell Audience by the Pope Next Monday.

Rome, July 18.—The following note from the Vatican was presented to Governor Taft to-night:

"I hasten to acknowledge the receipt of the letter by which you kindly communicated to me the cablegram from Secretary Root, answering my note of July 9, which explained the counter proposal of the Vatican for the regulation of religious affairs in the Philippines."

"While thanking you for this important communication, I am happy to assure you that the Holy See has learned, with the highest satisfaction, the high consideration in which Mr. Root, in the name of the Government of the United States, holds the fitness of the measures which the Vatican independently of the solution of any economic question, designed taking to ameliorate the religious situation in the archipelago, and to co-operate in the pacification of the people under several conditions."

"The measures are indicated in my memorandum of June 21 and my letter of July 9. These declarations of Mr. Root do honor to the deep political wisdom of the Government of the United States, which knows how to appreciate the happy influence of the Holy See for the religious and civil elevation of the people, especially Catholics."

Pontiff Hopes for Long Friendship.  
"With equal satisfaction, the pontiff has taken into account the assurances of Secretary Root that the American authorities will put forth all possible efforts to maintain the good understanding happily existing with the authorities of the Catholic Church."

"On his part, the pontiff will not fail to give the apostolic delegate soon to be sent to the Philippines the most precious instructions, according to my former notes."

"I am sure that for further negotiations indicated in the notes having been accepted by Secretary Root, the representative of the Vatican in the archipelago will enter into relations with the authorities in the Philippines on the four points indicated by Mr. Root at the end of his cablegram. The pontiff does not doubt that mutual confidence, combined with the action of its representative and that of the American Government, will easily produce a happy solution of the pending questions, insuring for that noble country a new era of peace and true progress."

"It is my agreeable duty in ending this letter to be able to render homage to the very great courtesy and high capacity with which the Government and President of the United States have filled the delicate mission which the Government and the President of the United States confided to you. Willingly I add that the favorable result of the negotiations must be attributed in very large part to your high personal qualities."

"While flattering myself that this first success will be a guarantee of the first success of ulterior negotiations in Manila, I have the honor to be, etc."

"RAMPOLLA."

Governor Taft was informed to-night that the Pope had fixed July 21 for his farewell audience.

Governor Taft will start Saturday for Valhombrosa, near Florence, where he will stay with his family until Monday, when he will return for his audience with the Pope.
